POLICE PROBE SHOOTING CASE IN LOCAL HOME

Dewey Montgomery, Boxing Chairman, Awaiting Formal Charge

SHOT AT HIS WIFE, IS POLICE CLAIM

Patrolman Todd Also Faces Gun In Making Arrest

Dewey Montgomery, chairman of the city boxing commission, was held in jail today on an open charge following his arrest by police last night after he allegedly tried to shoot his wife, Hazel.

Charged by Patrolman Clifford Todd with being drunk at the time, Montgomery was in jail awaiting a hearing before Mayor Norman H. Phillips. No specific charge had been placed against the defendant this morning. The mayor said a charge of some kind probably would be filed late today.

According to the report handed Chief Ralph Stoffer by Patrolmen Todd and George Reash at 10:50 p. m., Montgomery shot twice with a rifle at his wife at their home on Franklin ave. and missed.

One bullet passed through the wall near the door and was found on the front porch by police. The second, fired as Mrs. Montgomery walked away from the house, passed harmlessly overhead.

She told police her husband failed to call for her as usual when she quit work yesterday at 5 and that she later found him in a downtown bar. She said he was intoxicated at the time, according to the police report.

Later in the evening when she reached home, following a visit with her mother, she found the front door broken in and her husband inside with a rifle in his hands. He threatened her with the rifle, according to the police report, and she started to walk out of the house when he fired.

Police, meanwhile, received a report at police headquarters from Nick Jurina, who handed the officers a revolver which he said he had taken from a "drunk" who shoved it in his ribs as he walked to work.

Jurina told the officers the man stopped him and asked for a cigarette and then pulled the gun on him.

"I was so scared I grabbed it out of his hands," Jurina told police.

Search started

Patrolmen Todd and Reash then started out in search of the man with the gun.

Todd said he walked into the Montgomery home, which was in darkness, and found himself facing the muzzle of a rifle held by Montgomery, who was sitting in a chair in the dining room.

The patrolman said he quickly jumped back of a door, drew his own gun, and began to talk to Montgomery. He tried to persuade the latter to lay down the weapon.

Montgomery, after a while let the gun rest on his knees. Todd continued to talk to him and, finally, Montgomery placed the weapon on the floor.

Patrolman Todd then took Montgomery into custody and went to the city hall. In the prisoner's pockets were 20 .38-caliber shells.

STEEL OUTLOOK SHOWS PROMISE

Hope for New Spring Business Reported in Survey

NEW YORK, March 6.—Further declines in steel companies' backlogs but hope for a new spring business were reported today by the magazine Iron Age.

"Although steel production continues to decline," said the journal, "the coming of March has brought a few encouraging signs. There is as yet no evidence of a strong upward trend in new business, but the moderate improvement noted a week ago has continued, thereby raising hopes that the recession of the past two or three months has been checked. The rate for the industry this week is 63 1/2 per cent of capacity, a decline of a point and a half."

"Some mills are still operating at rates higher than the volume of incoming business, the difference being accounted for by what remains of the heavy backlogs built up last fall. As these are rapidly disappearing, the mills will soon be obliged to subside on new business, which must expand considerably during this month and next if the industry rate is not to drop below 60 per cent, which has been generally considered as a probable bottom for the near term."

"The automobile industry continues to lead the way in domestic activity. Following a February output which was a record for that month since 1929, the industry is planning an output of about 440,000 cars in March."

"Accompanying the recent downward trend in steel production, pig iron output declined 12.2 per cent in February. The rate of available capacity in February was 74.9 per cent compared with 84.4 per cent in January."

"The scrap market appears to have about completed its downward trend. The Iron Age scrap composite price is unchanged at \$16.71 for the third consecutive week."

Thomas L. Thomas Concert Concludes Winter Series Here

The voice which has received the acclaim of critics and has won the approval of widespread audiences in opera, concert and radio was heard in a concert last night by Thomas L. Thomas, young Welsh baritone, in the High School auditorium.

Thomas appeared in the last of a series of three concerts sponsored this winter by the Northern Columbiana County Concert association.

Two of the numbers sung by the baritone during his concert were requests, filled only by rearrangement of the planned program.

Marino Nardelli, brilliant young pianist, was accompanist for the concert, numbers of which were varied and well-chosen, ranging from dramatic opera to modern classics, Welsh folk songs to popular classics and Negro spirituals.

Miss Henrietta Schumann, American pianist, whose concert here was the first of the season, attended the Thomas concert.

Commissioners At Welfare Meeting

LISBON, March 6.—County Commissioners Frank Fisher, Austin I. Getz and John E. Smith left today for Columbus to be present when the state welfare meeting opens tomorrow.

Other county officials who will leave tomorrow for the two-day convention include Probate Judge Homer W. Hammond, John W. Orr, county relief director, H. A. Moore, surplus commodities agent, and Ralph U. Mullen, clerk of the aid for the blind division.

RUSSIANS FALL BEFORE VIIPURI

Piles of Dead Left by New Drive On Isthmus Battlefront

HELSINKI, March 6.—Piles of Russian dead were left by new Red army assaults on the Karelian isthmus battlefront, the Finnish high command reported today, declaring that further thrusts against Viipuri had been turned back.

The heavy Russian losses were said to have been inflicted in the Vuoksi river sector, southeast of the besieged city, where the Finns said several dozen Soviet tanks had been destroyed.

The heaviest Russian attack was repulsed in the Pollakkala area of the Vuoksi sector.

Aircraft, tanks and artillery supported the Russian thrust across the ice, but the Finns, still struggling for possession of the strategic Viipuri area, turned back the attack.

The Red army also attacked in force at many land points on the Viipuri sector between the bay and the Vuoksi, but the Finns said all attacks had been repulsed.

The eastern end of the isthmus front, where the Finnish lines have stood firm against continued Russian pounding, saw lively artillery activity and farther north on the Kuhmo sector Russian attacks were repulsed, the Finns reported.

Soviet air raids behind the battle lines killed 40 persons and wounded many others during attacks yesterday on Mikkeli, Lahti and Kuopio. Ten enemy raiders were shot down during the forays, the Finns said.

Company Violates Neutrality Rules

HOUSTON, Tex., March 6.—The Remington Arms Company was indicted by a federal grand jury today for alleged violation of the neutrality act in the shipment of 27,500 rounds of ammunition to Mexico.

Indicted with the company were two Mexican citizens now jailed at Laredo, Texas—Lieutenant Colonel Francisco De Valle Arispe and Gregorio Prieto, a retired army major who said he was in the employ of the National Revolutionary party of Mexico.

Arispe, 40-year-old self-asserted chief of staff for General Rodrigo Quevedo, was a candidate for representative to the Mexican national congress on the National Revolutionary party ticket.

NAVY officers have been cautioned against discussing activities of the patrol with friends or acquaintances. In a vague way, however, they will indicate their pride in a thorough-going job of patrolling that is being done on the high seas.

DEMOCRATS HIT DAVEY'S ACTION

Promises Fail to Soothe Followers of Committeeman Sawyer

COLUMBUS, March 6.—Ominous rumblings from Ohio Democratic leaders indicated today that former Gov. Martin L. Davey's decision to seek a third term may open old party wounds.

The Kent tree surgeon, entering a field already occupied by seven candidates for the Democratic gubernatorial nomination, declared he would concentrate his entire campaign in an attack on the present Republican administration of Gov. John W. Bricker.

Davey's promise that he would "not fight any Democrat" failed to soothe followers of National Committeeman Charles Sawyer, who defeated Davey for renomination in a bitter primary race in 1938. Sawyer announced recently that in an effort to unite party factions he would not run for governor this year.

"Too Bad," Says Limbach

Arthur L. Limbach, Democratic state executive committee chairman, remarked that "it is too bad" that Davey had not seen fit to follow Sawyer's example "with reference to party harmony and the governorship."

Some political observers suggested that the large number of candidates would give Davey a distinct advantage in the primary, while others argued that his opponents might concentrate their votes on a single candidate to narrow the field theoretically.

Among those already announced for governor on the Democratic side are William J. Kennedy of Cleveland, former secretary of state; Herbert S. Duffy of Columbus, former attorney general; Harold C. Mosier of Cleveland, former congressman-at-large; and James R. Marker of Columbus, former state highway director.

Others in the race are James F. Flynn of Sandusky, former Erie county prosecutor; Frank A. Dye, Columbus attorney and former high school principal; and Lawrence T. Baker of Columbus, WPA plumber's helper.

Davey Hits Bricker

In a prepared statement, Davey referred to Governor Bricker as hypocritical, unreliable, stuffed shirt and heartless.

"He has slapped labor in the face

Neutrality Patrol Keeps United States Navy Busy

Sea Duty More Rigorous Than At Any Time In History, Except During World War

NEW YORK, March 6.—The United States navy is experiencing more rigorous sea duty these days than at any time in its history, excepting the period of American participation in the World war.

This intensified activity is "the almost phantom-like neutrality patrol spread over the western Atlantic—covering the rolling seas at some points as far as 600 miles east of the Atlantic coast."

It is a phantom-like operation because the movements of hundreds of warships, submarines as well as surface vessels of all categories, and armed planes are closely guarded secrets. The navy department and its various bases on the coast make no disclosures—in fact, only President Roosevelt himself is authorized to release news concerning the neutrality patrol.

BRITISH SEIZE NINE ITALIAN COAL CARRIERS

Two More Herded Into Contraband Control Station Today

ACT IN DISREGARD OF ROME PROTESTS

Economic, Political Relations Endangered, Italy Says

LONDON, March 6.—Two more Italian ships were herded by the British navy into the contraband control station at The Downs today, bringing to nine the number of Italian ships detained in the controversy over German coal exports.

The ministry of economic warfare said all nine were flying the Italian ensign and all were "assumed to be carrying coal."

Today's additions to the growing list were the Liana and Rapido, both rated as colliers. The other seven are the Orata, Felice, Caterina, Absertia, Ernesto, Numidia and Loasso.

The last-named, at first described as a tanker, has been identified as a coal ship, the ministry said.

The Liana, 6,400 tons, was one of three Italian ships which left Rotterdam March 1, just before the British clamped down on German coal shipments to Italy, but later returned to the Dutch port.

Disregard Italy's Protest

The British blockade patrols worked in apparent disregard of Italy's bitter weekend protest which asserted the blockade was endangering economic and political relations of Britain and Germany's axis partner.

Meanwhile the foreign office was drafting a formal reply to the Rome protest.

British destroyers were waiting for orders of a fleet of Italian colliers preparing to sail from Rotterdam, the Netherlands.

Two other Italian ships lay off Deal for a day or two, but left today with pilots aboard for a northern British port.

Shipping circles expressed belief they were going to pick up cargoes of English coal for Italy, although the British and Italian governments are at odds over the question of supplying Italy's coal needs from British mines.

Britain Wants Arms

Britain insists on taking manufactured Italian products, such as arms, rather than agricultural products, in exchange for such coal. British credits for export of coal to Italy were said, however, to have been available for some time, so that Italy could obtain the British coal now and settle later on what Britain is to get in exchange.

The British showed determination to break the German coal export trade with Italy at any cost.

The trade went uninterrupted until Saturday morning, when the British clamped down. Sources close to the ministry of economic warfare.

Hits Parked Auto To Avoid Collision

Leonard Yuhainak of 525 N. Lincoln ave. told police he drove his car into a parked automobile on N. Lincoln ave. near Hope cemetery, at 9:45 p. m. yesterday in an attempt to avoid hitting three boys riding bicycles in the street.

One of the boys, also attempting to avoid a collision, ran his "bike" into a telephone pole. The lad received a bruised knee.

A car driven by William F. Bolen of Home Circle and a taxi operated by Howard Greene of Elm st. figured in a minor collision on N. Ellsworth ave. near Eighth st. at 2:25 a. m. today, police reported.

A minor accident on Newgreen ave. yesterday morning involved machines driven by Harry Kaufman of 745 W. State st. and John Anglemeyer of Leetonia.

Police said autos driven by Mary E. Dunlap of 246 Brooklyn ave. and George Catlin, R. D. 5, Salem, collided at the corner of N. Lincoln ave. and Sugartree alley at 11 p. m. Tuesday.

Two Trucks Collide; No One Injured

No one was injured in the collision of two trucks at the junction of Routes 7 and 14, east of Columbiana, at 1:35 p. m. Tuesday, state highway patrolmen reported.

Council Lacks Needed Facts; Levy Limited

Solons Declare They'll Have to Have Complete Figures First; Only .2 Mill Maintenance Levy Possible At Primary

Members of city council, after considerable discussion of the proposed swimming pool project Tuesday night, voted to defer, until the general election next November, submission of a bond issue for the pool, as well as a levy for park maintenance purposes.

The councilmen, in one of their longest sessions in recent years, discussed the project thoroughly, and finally decided they were opposed to putting the issue up for a vote at the May 14 primary for three reasons in particular:

TRAFFIC CODE BEFORE COUNCIL

Ordinance amending Regulations Heard On First Reading

City council last night gave a first reading to an ordinance amending the city's traffic code to change parking restrictions on several streets.

The solons also passed a resolution requesting that the director of highways to re-route State Route 9 through the city to eliminate the Route 9 junction at W. State st. and Howard ave.

The city requests that the route be changed to traverse Mill st. to S. Ellsworth ave., and thence to the center of town.

A resolution requesting the re-routing of State Route 43 through the city was tabled upon recommendation of Councilman Arch Wentz, chairman of the ordinance committee, pending further study.

Councilman C. F. Zimmerman, chairman of the streets, alleys and sidewalks committee, made an appeal to Salem motorists to drive slowly and carefully over the city's asphalt streets which have been damaged by frost.

Service Director Charles Kennedy was instructed to erect signs warning motorists where streets have been damaged.

County Purchases Wellsville Land; New Road Planned

LISBON, March 6.—Columbiana county commissioners today announced the purchase of what is known as the "cinder" pile at Wellsville, providing a right-of-way for construction of a section of State Route 45, and ending several months' litigation over the property.

The plot, which contains over two acres and is located just within the Wellsville city limits, was purchased for \$4,200 from Alice M. Boothman at a meeting here late Tuesday before County Commissioners John E. Smith, Frank Fisher and Austin Getz, and a delegation of Wellsville citizens including S. E. Daw, W. L. McLean, M. L. Clendening, W. J. Rowen and C. D. Platt, with C. W. Arnold representing Mrs. Boothman.

The need for the "cinder pile" resulted from the collapse of a bridge over Little Yellow Creek on State Route 45 just within the Wellsville limits several years ago. It was determined that it would be cheaper and more satisfactory to re-locate the road at that point than to build a new bridge, and a right-of-way across the property has been sought ever since. Recently the state highway department agreed to construct the new section of road providing the county would obtain the necessary land.

The action is similar to that taken by State Director of Highways Robert S. Beighler effective Tuesday, March 5, which placed the load limits at 18,000 pounds for four-wheel vehicles, and 31,500 pounds for tractor and semi-trailer outfits.

Service Director's Warning Is Renewed

Service Director Charles Kennedy renewed his warning today to delinquent water consumers that arrangements to pay old bills must be made by Friday, March 15, or service would be suspended to those homes.

"Unless the delinquent accounts are paid, or arrangements made by the 15th, Frank Fisher and Austin Getz, and a delegation of Wellsville citizens including S. E. Daw, W. L. McLean, M. L. Clendening, W. J. Rowen and C. D. Platt, with C. W. Arnold representing Mrs. Boothman.

Columbiana Seeks State Assistance

COLUMBIANA, March 6.—Council last night authorized the sending of City Engineer James C. Bowers to Columbus to contact the state engineering department regarding the maintenance of state routes through Columbiana.

Several of these routes are in need of repairs and the town is seeking state aid.

Set Highway Limits For Thawing Season

LISBON, March 6.—Load limits on all macadam roads in the county highway system have been reduced for the spring thawing season in a resolution adopted by the county commissioners, who have instructed County Engineer Charles Snyder to post load limits on all such county roads. This is an annual precautionary measure taken to protect highways from breaking up under heavily loaded vehicles.

The action is similar to that taken by State Director of Highways Robert S. Beighler effective Tuesday, March 5, which placed the load limits at 18,000 pounds for four-wheel vehicles, and 31,500 pounds for tractor and semi-trailer outfits.

WING COLLAR WARRIORS

Rumblings of criticism in Great Britain against certain members of the war cabinet call attention to a neglected phase of belligerency.

Wars are won and lost in the final analysis by the men who make the big decisions. Most of them never get closer to actual fighting than a surreptitious visit to some quiet sector.

Nevertheless, they decide when and how to do the fighting. Their mistakes are paid for by human sacrifice. They collect their successes in power and prestige.

Among the untried theories being tested in Europe's latest war is the claim of totalitarians that their governments, being organized permanently on a war basis, are better equipped to fight than governments which deal with war as an unusual political situation.

Great Britain and France have been challenged to prove that governments subject to criticism even in wartime can match the autocratic leadership of Germany, which permits no criticism at any time. The British, famous for muddling through, seem to be starting one of their well known muddles. The Germans will be interested spectators.

AN UNRELIABLE CHARACTER

The whole trouble with flood control, as valley dwellers are reminded every so often, is the unreliability of Jupiter Pluvius. His whimsical nature keeps flood control from being a theory and makes it a situation.

Flood news, growing in volume like the floods, again raises the question of whether the theory and the situation are going to come out even. Without the statistical information stored in the filing cabinets of flood controllers and in the minds of river men to go by, the public at large has no choice but to expect the worst.

Yet, it is one of the oddities of floods from year to year that those who have most to fear from floods, having experienced their full force in the worst flood areas, usually underestimate the latest flood. Familiarity apparently breeds contempt. No doubt this year's floods, if they get beyond the flood controllers, will produce the usual assortment of tragedy in the valleys and lowlands and the customary frantic rescues and restorations. Between boisterous bursts of rain and snow, Jupiter Pluvius must look down on his handiwork with a sardonic eye.

PRESCRIBING FOR DOCTORS

A new twist in the legal complications of the medical profession vs. the New Deal sends their anti-trust case back to the District of Columbia court for trial. It had been dismissed previously when the American Medical association pleaded that the practice of medicine is not a trade but a profession and therefore not subject to prosecution under the Sherman anti-trust act.

There now seems to be thrown open the exciting possibility that if the medical profession is a trade and subject to prosecution under the Sherman act, the legal profession might become a passenger in the same boat. The possibility is exciting because it would be hard to imagine a more edifying spectacle than lawyers taking their professional problems into court and making a popular issue of them.

In fact, it is so hard to imagine that the idea's preposterous. If the lawyers ever need doctoring for their professional ills they will stand on their constitutional right of self-medication. But doctors, it seems, can't be trusted to heal themselves; they must go under the care of lawyers.

COMPULSORY LISTENING

There's no limit to the ingenuity of New Deal organizers, apparently. Not content to rest on their laurels after the triumph of Jackson day dinners, they're behind a scheme to assemble farmers the night of March 8 for a cheaper meal—but compulsory listening afterward.

Purpose of the farmer dinners, unlike the Jackson day dinners which produced both, is not to win money but friends. The eighth day of March has been chosen because that's the day when Agriculture Secretary Wallace obtained President Roosevelt's consent to present farm relief legislation to the special session of congress in 1933. Mr. Wallace's belief that this should ultimately become a national holy day is heart-touching.

After-dinner speakers for the sendoff will be the secretary himself, Mr. Roosevelt; and that other close friend of the farmer, Postmaster General Farley. In view of a recent study of radio listening showing the frequency of non-attention to political speeches, the speaker, if he is heartened, it may be presumed, by knowledge that their listeners won't be on their way to the barn or missing the benefits of farm benefits by listening to a quiz program. What those fellows in Washington won't think up to get a fellow's attention just isn't worth thinking up.

Charles Levi and J. F. Peters of the Wellworth shoe store will leave Sunday morning for Cincinnati to transact business for a few days.

The wheat fields, which for the past seven weeks have been hidden by the snow, have made their appearance and show the growing wheat in fine condition. Many persons feared that the crop had been smothered by the heavy coating of snow and ice.

The First Methodist Episcopal church of this city was incorporated Saturday at Columbus by J. E. Ream, Walter M. Hole, Joseph E. Bonsall, W. W. Hole and others. The corporation was formed for the letting of contracts. The spring like weather has made the official board anxious to start the work of razing the present building. Work will be started by the middle of the month, it is planned.

Mrs. W. T. Speidel of this city was a special guest Thursday afternoon at the meeting of the A. N. W. club of Alliance, held at the home of Mrs. E. P. Speidel. Mrs. W. T. Speidel gave a very interesting account of her trip to Japan and the Philippine Islands.

Friends of Mr. and Mrs. Nerr Camp, who were recently married, held a miscellaneous shower Friday evening at the home of the bride's parents, Mr. and Mrs. Evan Evans, south of Teegarden. About 30 guests were present. Mr. and Mrs. Camp will make their home near Salem.

TWENTY YEARS AGO

(Issue of March 6, 1920)

Dr. J. M. McGeorge was elected exalted ruler last evening at the regular meeting of Salem Lodge No. 305, B. P. O. Elks, at a business session following a banquet. Other officers are: Leading knight, Raymond Yates; loyal knight, Carl Juergens; lecturing knight, Ed. I. Snyder; treasurer, Arthur Stark; Tyler, William H. Pidgeon; trustee, K. L. Cobourn; secretary, R. L. Jones.

Movie pictures of the annual Salem homecoming festival, held here last fall, were shown to the public for the first time last evening at the Royal theater, as a special attraction, and will be repeated tonight and tomorrow nights.

There were 42 present when Wallace Stewart entertained Mrs. Harry Clay's, Harry Clay's and Mrs. H. W. McCurdy's classes of the Christian church at his home on Jennings ave. Thursday evening. Plans were made for a covered dinner at the church on April 1. Games and music were features of the evening. Lunch was served.

Mr. and Mrs. E. H. McCarty are visiting friends in Cleveland over the weekend.

THE STARS SAY:

For Thursday, March 7

ACCORDING to the lunar transits, this should be a particularly lively and progressive day, with much stirring in connection with group movements or other well-organized bodies. Joining forces with others for the common good is particularly enjoined for signal success, although all forms of creative self-expression and expansion are likewise indicated. Writing, publicity, publishing and promotional enterprises flourish, and short journeys, sports and affairs of the young and progressive movements thrive.

Those whose birthday it is may look for a lively, interesting and productive year, with much stirring in the way of self-expression and expansion in creative lines. Original and novel ideas of a literary or artistic nature should thrive. All objectives in association with others for group advantage, especially in promoting the welfare of youth, are under excellent prospect.

A child born on this day may have much talent and versatility, with much originality and creative ability. Its intellectuality would fit it for a literary, scientific or professional career, with much success in connection with groups or societies.

SUPPORTS HATCH ACT

WASHINGTON, March 6.—President Roosevelt's expressed support gave new confidence today to senators seeking to broaden the Hatch act against political activity of government workers.

Nevertheless opponents of the amendments now being debated in the senate predicted that they had a good chance to beat the extension and even narrow the law's present scope.

Senator Hatch (D-NM) took encouragement from Mr. Roosevelt's statement yesterday favoring his proposal to have the law cover state and local employees—such as highway workers—paid in part from federal funds. Only federal employees now are covered.

The President said at his press conference that if the act is to apply to one type of federal workers, the argument in favor of it should apply also to other employees receiving all or part of their pay from the federal treasury.

Senator Miller (D-Ark), however, sought to strike out the present ban on political activity by federal workers. He would retain restrictions against coercion or intimidation of employees.

Debate yesterday brought vigorous exchanges over the proposals.

While the senate moved toward a vote on the political legislation, the house continued debate on the interior department appropriations bill. The senate finance committee scheduled further hearings on the house-approved legislation continuing for three years the reciprocal trade program. Senate debate will start next week.

Ideal Figure? There Is None, Is Dr. Clendening's Opinion

By LOGAN CLENDENING, M. D.

What are the measurements for the ideal female figure about which so much is written in the magazines lately?

There is no ideal female figure and no measurements. The measurements taken by the WPA are for the purpose of standardizing measurements for dresses and should not be taken as a concept of perfection. Figures differ with body types.

A false standard of the female figure is set up in fashion plates.

Dr. Clendening will answer questions of general interest only, and then only through his column.

Tall, languid, feeble figures, very much too long in the leg and all apparently in the early stages of galloping consumption, tend to mislead, to their hurt, young women who would rather head than not in the fashion.

DIET FOR IRRITABLE COLON

What is a diet for chronic colitis?

Chronic colitis of the non-infectious type would better be called "irritable colon." Low carbohydrate alone, however, is not the only or most important part of the treatment.

Bowel-assurance patients require frequent assurance that a daily evacuation is not essential or even normal under certain circumstances of diet, and that cathartics are never necessary. In patients who have been whipping the bowel with cathartics, a period of apparent constipation will naturally follow their withdrawal. After giving up a long habit of cathartics, if the bowel has not evacuated by the fourth day, an oil retention enema can be given.

The fallacy of auto-intoxication must be explained away and the fear of poisoning from excessive meat intake be allayed. "Constipation headache" should be explained on a reflex basis rather than as being due to poisoning.

The low carbohydrate diet for functional bowel disorders is:

Food to be avoided entirely: Cereals; high starch vegetables, such as potato, cauliflower, corn; raw vegetables; no raw fruits except bananas and orange juice; miscellaneous—candy, sugar, syrup, milk, honey, chocolate.

BOOST SWIMMING POOL

Editor, The News:

There has recently been considerable discussion and publicity concerning a swimming pool to be located at Centennial park. Persons of all ages enjoy swimming, but particularly the young people need facilities of this kind for clean wholesome fun. Swimming also is recognized by physical education authorities as one of the best activities for body building and the promotion of health. This project should enlist the interest and active support of all public spirited citizens of Salem.

Have the city authorities investigated or considered the possibility of building a swimming pool which would be open air in summer and under roof with heat in winter? This would give a season of 12 months rather than two and one-half months which the out-of-door pools afford. The cost of operation and maintenance of such a pool would be less, especially if built in conjunction with the Memorial building. This arrangement would give Salem a centralized and economical recreational program. Boost the swimming pool and boost Salem.

MIDNIGHT

Is No Time to be Without Dependable Indigestion Relief

Is it wise to be without relief day or night. Many things cause stomach distress. Nervousness, hurry, poor teeth, bad food, etc. But though causes come from many causes there is one dependable, easy way to bring relief from the distress when your stomach pours out too much fluid and makes you feel sour and sick all over. Just take a few little black tablets called Bell-and for Indigestion.

Because, you see, Bell-and helps the stomach digest food, makes the excess stomach fluid harmless and lets you eat the nourishing food you need. For your family's sake put Bell-and in the cabinet now. Painful distress, heartburn and upset go like magic and one 25c package proves it. Ask for Bell-and.

"SELF MADE GIRL" by HAZEL LIVINGSTON

SYNOPSIS
Linda Perry, youngest of the five poverty-stricken Perrys, lives with her family in a small frame house in the country near Philadelphia. Because she is the youngest and prettiest, Linda is spoiled by relatives. Ignorant of social distinctions and the heartaches they will cause later, Linda is completely happy in school with her three best friends—Constance, Ruth Wagner, daughter of the local doctor; and Thelma, whose father is the chauffeur of another wealthy family in the neighborhood.

CHAPTER II
Sometimes when the two older girls came home to visit, they looked at this, their little sister, so like them, yet so unlike them, with something that was close to antagonism.

Claudia, whose black hair was thin and lusterless, whose white teeth were broken from neglect, would listen to the talk of Linda's teeth-straightening, Linda's dancing lessons, and think resentfully. I never had any of that! And when my kids are ready for it, how am I going to manage it on Chester's \$30 a week? I won't have the whole family helping me bring them up, the way Mama has them all helping her spoil Linda!

Even Blanche, happy and proud of her position in the big University hospital in Philadelphia, looked wistfully, even resentfully, at her blue-eyed, black-haired little sister, arm-in-arm with Senator Scott's grandchild, and thought of her own childhood in a small fire-trap of a cottage in the city. Well, poor papa's accident and moving into the country hadn't done Linda any harm, even if it had come too late to do herself and the others any good.

The four children, the Scotts, Constance, Dr. Wagner's Ruth, Thelma Connell, the chauffeur's daughter, and Linda, belonged to "a secret society," a very secret sisterhood which they called the T. J. F. The secret, which each had sworn to die rather than divulge, was the meaning of the letters, which stood for The Jolly Four.

They met after school every day. Usually at the Scotts, because that was the best place to play. It was by far the largest, and it had its own swimming pool. The Wagner's house was fairly popular too, because it had several acres of orchard and field and five immense attic rooms that were known as "the playroom." Grandma Pologne's well-filled cookie jar and a certain trunk full of old dresses with which she let them amuse themselves, made Linda's house popular too. But by mutual consent they stayed away from Thelma's, a bleak-looking cottage in an unkempt yard just off the main street.

Thelma, who was a quiet, soft-spoken child, with large dark eyes and pale golden hair, had three rough brothers, and nobody liked her mother, a fat, sullen-looking woman with a shrill nasal voice.

It seemed to the four of them, the T. J. F.'s, that their lives would run on together always. Together they went to school, and together they came home, walking four abreast, arms around each other, taking up the whole sidewalk, giggling as they had to close in to let someone pass.

They were the powers at school. Their concerted voice had its way. Other girls angried for their favor, boys struggled for their attention. Graciously they acknowledged their position, royally they smiled upon their subjects, allowing themselves to be fought for as partners at Miss Westgate's dancing class, on Friday afternoons.

Days, they agreed, were necessary as partners, and words of course have to be tolerated, even encouraged, later on. Ruth, who had a cousin at Bryn Mawr understood this perfectly, and explained it carefully to the others. But for the present they were all far too occupied with their own affairs.

To Linda, light-hearted, spoiled, and shielded from all the realities by a sentimental, doting household the end, when it came, was a terrible shock.

They had finished grammar school and were being driven each morning now to the high school, a Union building, several miles dis-

The rebels waited together at the crossroads for the bus.

tant. There was a bus to pick them up, but the Scott's chauffeur, Clem, nearly always drove them, and when he couldn't there was Dr. Wagner's handy man, old Tom, to do it.

The first inkling, if inkling it was, came on the days when the driving fell to Tom. When he, with Constance and Ruth in the back seat, stopped in front of the Perry's house, there was never any Thelma.

"Oh, she went on ahead, in the bus," Tom would say. And that would be that.

Finally Ruth, forced to divulge the truth to her "blood-sisters," the T. J. F., admitted through tears, that her mother wouldn't let her go with Thelma any more.

"Not go with Thelma? Why NOT?"
"What's the matter with Thelma?"
"Oh, don't be mad at me. I can't help it! It's Mama. It's on account of Mrs. Connell, and the whole family. She says that girls like us oughtn't to want to go with a girl like Thelma. Oh, don't be mad—please! It isn't MY fault! I can't help it!"

Constance and Linda were furious. What did Mrs. Wagner think she was doing? Who did she think she was, anyway, and if she thought she could keep them from their own blood-sister and T. J. F., Thelma Connell, she was crazy!

For two mornings, when the Scott car was not available, the rebels waited together on the crossroads for the bus. They waited, with triumphant, and Boston-teen-parkish independence for Thelma, and the only thing to spoil their pleasure in refusing Mrs. Wagner's lift, was Ruth's red rimmed eyes.

Nothing was quite the same after that. Everything was spoiled for Thelma. She became shy, suspicious, stand-offish, even with her own T. J. F. Naturally she wouldn't drop in at the Wagner's any more, and she began to stay away from the Scott's too. And as Thelma became more and more self-effacing, Ruth became more aggressive. She was always angling to get Constance alone.

"Come on, Connie!" she'd cry. "Come on! I got something to tell you!" and she'd put an arm around Constance, and drag her away from the other girls.

Just what brought it all to a head, Linda never knew, but it dated from a call that Mrs. Wagner made on Mrs. Scott.

ENGINEER JOINS BRICKER'S STAFF

Cincinnati Is New Director of Public Works

(By Associated Press)
COLUMBUS, March 6.—An engineer by training, career and hobby is Frank Louis Raschig, newest member of Gov. John W. Bricker's official cabinet.

The smiling, stocky, white-haired Cincinnati became director of public works Jan. 2, succeeding Carl G. Wahl of Defiance. He is 61 years old.

Father Was Teacher
He was born in Cincinnati June 14, 1878, the son of Mr. and Mrs. H. H. Raschig. His father taught and served as principal for more than 50 years in what is now the Raschig school in Cincinnati, and was known as the "father of the teachers' pension law" in Ohio.

One of four children, Frank attended Cincinnati schools and was graduated from the University of Cincinnati with a civil engineering degree in 1900. He has been in engineering work ever since.

Much of his service has been for state and municipal governments. He was employed by the City of Cincinnati from 1908 to 1917, and from 1926 to 1929 was chief engineer of the Cincinnati rapid transit commission which constructed an \$11,000,000 subway and parkway system.

Under former Governor Myers Y. Cooper he served from 1929-31 as chief engineer and first assistant director of the state highway department, returned to private practice for eight years, and in January, 1939, became division engineer of the state highway department with headquarters at Middletown.

His Work Is His Hobby
He was married June 28, 1905, to Miss F. Edna Cunningham of Cincinnati, and has two children, H. James Raschig, an engineer with the highway department, and Miss Frances A. Raschig, a teacher in the Cincinnati public schools.

"Hobbies?" he echoed a query. "I guess I'm a man without a hobby—except my work."

He is a member of the American Society of Civil Engineers, the Ohio and National Societies of Professional Engineers, the Engineers' club of Cincinnati, the International Torch club, a Shriner, 32nd degree Mason, Elk, and member of the Methodist church, which he served for 10 years as Sunday school superintendent.

But just the same it was right after that, that Constance was sent away to a school in the south.

Ruth began to go with a new girl, and Linda, who had been a leader, one of the elect for so long, found that almost over night she was nobody at all.

Ruth Terry and Pat O'Brien in the mystery-comedy, "Slightly Honorable", at the State Thursday through Friday.

As entertaining as any mystery-comedy in recent years is "Slightly Honorable", featuring Pat O'Brien, Edward Arnold and Ruth Terry, to be seen at the State Thursday and Friday.

The original story is the best-selling mystery, "Send Another Coffin," by F. G. Presnell, but the movie transfer has improved the novel.

The plot concerns several murders and attempt by a group of crooked politicians to "frame" an innocent person, but the hackneyed situations are brightened and refurbished with the clever dialogue and good comedy performances of the cast.

Pat O'Brien is the attorney whose interest in the opposite sex has

nothing to do with lawbooks; Edward Arnold, in his best type of role, a crooked politician; Ruth Terry, a night club singer with no interest in a "more-clothes-for-chorus-girls" movement; Broderick Crawford, the attorney's plodding right-hand man, head the large cast which also includes Claire

Polo Club Members Plan Spring Barn Dance March 30

An informal spring dance, open to the public, has been planned by the Salem Polo club for Saturday night, March 30, at the Elks home.

The club, a member of the Penn-Ohio Polo league, has designated the affair as a "barn dance." Decorations in the dance hall will be appropriate to the theme.

Piano Selections Enjoyed by Club

Miss Esther Hamilton, Youngstown Violator columnist, scheduled to speak at a meeting of the Travelers club here yesterday, failed to appear.

The club members, meeting in the library assembly room, enjoyed a group of musical numbers by Mrs. Frederick Kirkbride.

Tea was served following the meeting by Mrs. M. H. Mawhinney and her committee. Table appointments and decorations featured the St. Patrick's day theme. Mrs. R. A. Lamont and Mrs. H. K. Yagzi presided.

A "hobby lobby" day is planned for next Tuesday's meeting at the library, in charge of Mrs. L. W. King.

Mrs. Lamont and mother, Mrs. F. P. Haymes of Mt. Vernon, were guests at the affair.

Mrs. Ronald Whipkey Is Honored

Mrs. Ronald Whipkey was presented a birthday gift by members of the Bide-A-Wee club at a meeting last night at the home of Miss Bernice Matthews, Cleveland st.

Games and bridge were enjoyed and lunch was served.

The club will meet March 19 at the home of Mrs. Whipkey on North Lincoln ave.

Jollyettes Club Entertained

Mrs. James Herron entertained members of the Jollyettes club at her home on Lincoln ave. last night.

Prizes were won at "90" by Mrs. Rejooper, Mrs. Harold Leipper and Miss Winifred Greenmeyer. Lunch was served by the hostess.

The club will meet again April 2 at the home of Mrs. Joseph Lippl on the Egypt rd.

Mission Unit Meets Next Wednesday

The Women's Missionary society of the Christian church will hold the annual March evening meeting at 7:30 next Wednesday in the church. Mrs. Virginia Courtney will be in charge of the program committee for the meeting which has replaced the regular session Friday afternoon.

Tent Has Meeting

A business meeting was held by members of Mary Elliot tent No. 70, Daughters of Union Veterans, in the K. of P. hall last evening. A lunch followed the session.

Marriage Licenses

Marriage licenses have been granted at Lisbon to: Frank Talbot, welder, and Evelyn Wilson of East Liverpool.

Party Postponed

The Young Ladies Bible class of the Baptist church has postponed a party for members' children at the church Friday night to the following Friday, March 15.

Meet Thursday

The Musical Culture club will meet at 7:30 p. m. Thursday at the home of Miss Katherine Prech, East Sixth st., instead of tonight, as was planned.

Mrs. Ruth Dunn, daughter of Mrs. Margaret Dunn of South Lincoln ave., is recovering from an appendectomy operation in Salem City hospital.

DR. F. M. EDWARDS' DISCOVERY FOR CONSTIPATION

Benefits Nation of Sufferers!

COLUMBUS, OHIO: For over 20 years Dr. F. M. Edwards (widely known physician) successfully treated scores of patients for constipation and the headaches, lack of energy and mental dullness which often result.

This wise Doctor knew liver bile must flow freely every day into your intestines or fatty foods can't be properly digested and you may become constipated. So he kept this in mind when he perfected his famous Dr. Edwards' Olive Tablets. Olive Tablets, being purely vegetable, are wonderful, yet they assure gentle, thorough bowel movements and ALSO help stimulate bile flow. Test their goodness TONIGHT! 15¢, 30¢, 60¢.

fare said last week this was "not in any way a reprisal for the temporary difficulties which have arisen in British-Italian commercial and financial talks in Rome."

A source close to the British foreign office added last night that Britain was "not inclined to view the matter as a 'crisis' or anything like it."

(In Rome, however, authoritative Italians declared the actual seizure of the coal ships tended to bring relations to a crisis.)

(Stoppage of the trade negotiations and the present coal blockade are the first evidences of disharmony between Italy and Britain since the war began.)

DEATHS

MRS. MARY DALRYMPLE
WASHINGTON, March 6.—Mrs. Mary Jane Dalrymple, about 70, widow of Thomas Dalrymple, died at 11:15 a. m. Tuesday at her home here following three weeks illness of pneumonia.

Born March 27, 1870, in Washingtonville, the daughter of Mr. and Mrs. James Oeschman, she had lived all her life in this community. Her husband, whom she married in 1880, died in October, 1939. She was a member of the Methodist church.

She is survived by four daughters, Mrs. Ansel Senheiser and Mrs. Emma Wisler of Washingtonville, Mrs. John Sitter of Leontonia, and Mrs. Lorin Russell of Columbia; one son, William of Washingtonville; eight grandchildren and four great-grandchildren.

Funeral service will be held at 2:30 p. m. Friday at the home in charge of Rev. Stanley Shoemaker, pastor of the Methodist church here. Burial will be in the Washingtonville cemetery.

Friends may call at the home anytime.

MRS. JOHN ENTRIKIN
Mrs. Mary Ready Entrikin, wife of John Entrikin, died at 1:30 p. m. Tuesday of complications at her home, 623 Aetna st.

The daughter of the late James and Honora Ready, she had spent her entire life in the vicinity, coming to Salem from Leontonia after her marriage July 11, 1900. She was active in the work of St. Paul's Catholic church and had been president of the Ladies Catholic Benevolent association for 10 years. Seven brothers preceded her in death.

She is survived by her husband and a daughter, Margaret, at home, and one brother, M. F. Ready of Leontonia.

Funeral service will be held at 9 a. m. Friday at St. Paul's Catholic church in charge of Rev. Fr. Herbert Cooke. Burial will be in Grandview cemetery.

Friends may call at the home of a niece, Mrs. Earl Deville, 778 Franklin st., anytime.

MRS. EDWIN J. PATTERSON
LISBON, March 6.—Mrs. Harriet Viola Patterson, 74, died at 8 p. m. Tuesday at her home, 206 N. Jefferson st., following a heart attack suffered Thursday.

Born Jan. 20, 1865, in Trumbull county, she was the daughter of Samuel F. and Mary Neff Barton. She had been a Lisbon resident for 36 years. She was a member of the Christian church and the Women's Relief Corps.

Surviving are her husband, Edwin J. Patterson; two sons, Lloyd Barth of Lisbon, Raymond Brooks of Cleveland; two daughters, Mrs. Josephine Reed, Mrs. Paul Flanagan of Lisbon; one granddaughter; a sister, Mrs. S. S. Thomas of Wiloughby; four brothers, A. C. Barton of Ravenna; W. N. Barton of Belleville, Ill.; Walter Barton of Akron and Harry E. Grace of Huntsburg, O.

Private funeral service will be held at the home at 2 p. m. Friday in charge of Rev. F. C. Lake of Atwater, former Christian church pastor, and Rev. Theodore Cord. Burial will be in Lisbon cemetery.

Friends may call at the home Thursday afternoon and evening.

Breezy Briefs Of Sport From Brietz To You

BY EDDIE BRIETZ
NEW YORK, March 6.—Hot Stove league: Detroit is using the "dead" ball exclusively in training and the Tigers are pounding the daylights out of it.... The Athletics were flattered no end when a delegation of White Sox drove 40 miles from Pasadena just to watch them practice.... Boston writers in the south like what little they've seen of young Dom Di Maggio.... If that Rudy York-for-Cecil Travis deal isn't hot again, why are they betting Hank Greenberg will be back on first 30 days after the season opens?... Wes Ferrell is showing the boys a much more impressive hook than he had with the Yankees last year.... Somebody had better get in line for Joe Medwick is packing up to go back to St. Louis.

One Act Play
Tony Galento visited Norfolk and was introduced to Rev. Ralph Kyle, pastor of the Christian and Missionary Alliance church.

Rev. Kyle: See this little book, Tony? It says your body is worth only 84 cents.

Galento: Whaddaya mean, 84 cents? (he pulled a huge roll of bills from his pocket and flashed it in Mr. Kyle's face).... That don't look like no 84 cents to me.

(It didn't take the minister, either and he made his exit quietly.)

Rue de soccerie: Max Waxman, manager of Red Burman, charges Mike Jacobs and Jimmy Johnston are trying to freeze Burman out of the heavyweight picture and claims the white heavyweight title for Red....

Maxie Rosenbloom has been signed for the comedy role in Rudy Vallee's new air show.... New Jersey will O. K. an outside referee for Max Baer and Galento if they want it.

Sports cocktail: The Marysville (Mo.) Teachers went undefeated in two major sports this season—football and basketball.... Alice Abbott, the Dickinson college co-ed, who crashed the men's tennis team last year, is on the shelf with a broken ankle.... Sherrod Smith, the old big league pitcher, has been appointed captain of the guard in the Georgia State pen.... They gave "Moon" Mullins, the old Notre Damer, a fine send-off when he left Loyola (New Orleans) for his new job at St. Ambrose college....

Bob Evans, son of Billy Evans, farm manager for the Red Sox, has joined the front office crew of the Minneapolis club.

That's Calling 'em
Jesse Abramson, the Herald-Tribune's track expert, picked New York U. to win the I. C. 4-A team title with 27 points.... N. Y. U. did.... In 1929 Abramson picked up N. Y. U. to win with 25 points and it came through.... The boys up there must believe what they see in the papers.... How about the fifth at Tropical today, Jesse?

Let's hope not: The Giants are being drilled in sliding for the first time since John J. McGraw's last year with the club.... They may do a lot of it this year, too—downwards.

NAZIS CAPTURE BRITISH TROOPS

Twenty Killed, 16 Taken Prisoner In Moselle Sector Raid

(By Associated Press)
BERLIN, March 6.—Twenty British soldiers were killed and 16 taken prisoner on the western front yesterday morning when German shock troops stormed a British dugout in the Moselle sector, the German official news agency, DNB, reported today.

The German high command's daily communique told only of the capture of the 16 prisoners. Elucidating, DNB said they were members of the Duke of Cornwall's infantry regiment and told other details of the clash.

A hectic exchange of hand grenade and artillery fire preceded the gungot storming, according to DNB, and the English left 20 dead on the scene, while the Germans lost only one man.

The German shock troops' surprise attack was said to have disclosed that the British apparently were stationed at only one small point of the front line, flanked on both sides by the French.

DNB jubilantly reported that "at last German shock troops have succeeded in getting in fighting touch with British troops."

It was asserted that this was the first time that the Germans had had an actual fight with British troops on the western front since the war began.

DNB said that news of the capture of the 16 prisoners, among whom there was one sergeant, was transmitted orally by German van-guard to the French lines on some sections of the front.

The response in many cases, according to the DNB account, was "malicious laughter" and shouts from the French to the effect that "that serves them right, they're well cared for on your side."

DEMOCRATS HIT DAVEY'S ACTION

Promises Fail to Soothe Followers of Committeeman Sawyer

(Continued from Page 1)

at every turn, and he has shown a prejudice against labor in the administration of the unemployment insurance," Davey said.

"Mr. Bricker has done absolutely nothing to help the farmers of Ohio. He has done nothing constructive for business. When he was elected governor, he swelled up like a puffed-up pig and has acted that part of a conceited, selfish man ever since."

Davey said Bricker's economy claims were "fraudulent."

"The official reports of the state auditor show that he spent \$23,000,000 more than we did in 1938," his statement continued. "They also show that he spent \$1,000,000 more for salary and wages than we did in 1938, in spite of the fact that he cut wages among the poorly paid, neglected the highways, and allowed bootlegging to grow by leaps and bounds."

Bricker is virtually assured of the Republican nomination this year and Davey said the Democrats needed only "a reasonably united party" to defeat him since Bricker "is at least 350,000 votes weaker than when he was elected in 1938."

Miller, Farley Confer
Meanwhile, in Washington, Ray T. Miller, Cuyahoga county Democratic chairman who is reported preparing a slate of National convention delegate-candidates pledged to Postmaster General James A. Farley for president, conferred with Farley who said later that "we discussed the political situation in the city, state and nation."

Sawyer, who has been designated "favorite son" candidate for president by the state Democratic organization said he planned to confer with Miller by telephone today.

Sawyer pledged delegates would support President Roosevelt if he sought a third term.
Sen. Vic Donahey, informed that the President expressed the hope that the senator would reconsider his decision to retire, said he would be glad to talk to the President about it. Donahey said Monday that his decision was final.
In Toledo, Rep. Dudley A. White of Norwalk, Republican candidate for the U. S. senate, criticized the 1940 census questions which he said would give citizens "a taste of the New Deal snooping policies which business has had to endure for the last seven years."

Halt Escape Plot

COLUMBUS, March 6.—Discovery of a 30-foot rope, fashioned from towels, balked an escape plot of six Ohio penitential convicts. Warden Frank D. Henderson reported. He declined to reveal the plotters' identity pending further investigation.

SQUAD OF 69 PREPS FOR SALEM TRACK SEASON

HIGH THINCLADS HOLD WORKOUTS AT SCHOOL GYM

Practice Indoors While Waiting For Spring Weather

Warming up for the 1940 season, a squad of 69 candidates for Salem High school track and field team are training indoors daily while awaiting an opportunity to transfer workouts to Reilly stadium at the first sign of continued spring weather.

Indoor workouts for the Quakers' track and field athletes started last Friday in the high school gym, one day after Coach Fred Cope issued the first call for candidates. Cope plans to continue training sessions indoors until the weather becomes suitable for outdoor workouts.

The Quakers' coach hopes to have his athletes working out daily at Reilly stadium no later than April 1 since the first meet, a dual affair with Youngstown Rayen, is scheduled for Friday, April 19.

Lettermen Report
Seven of eight lettermen available for Cope's 1940 are participating in the indoor workouts. They are: Junior Turner, high jumper and dash man; Glenn Whinnery, quarter miler; Jim Arment, quarter miler; Dick Beck, weight man; Elliott Hansell, dash man; Kenneth O'Connell, half miler, and Tom Rhodes, pole vaulter and hurdler.

Turner, Whinnery, Beck and O'Connell are seniors, while the other three are juniors.

Art Chappell, a junior letterman, who showed possibilities of developing into a promising distance runner last year, has not as yet reported for workouts.

Two reserve letter winners from last year, Bob Scullion and Bob Shoe, are bidding for regular positions on the team. Scullion, a sophomore, is a hurdler and shot putter while Shoe, a senior, all-around athlete, is trying out for the hurdles.

Among last year's numeral winners taking part in the workouts are: Gail Barchy, junior, distance runner; Lee Boone, junior, distance runner; Ed Cobb, sophomore, dash man; Phil Coad, sophomore, quarter miler; Marvin Coffey, junior, dash man; Felix DiAntonio, sophomore, weight man; Art Horning, junior, distance runner; Ray Julian, junior, distance runner; Bob Jaeger, junior, hurdler; Walt Kinn, junior, jumper; Bruce Krepps, sophomore, hurdler and high jumper; Bill Martin, junior, quarter miler; Virgil Niederhiser, senior, distance runner; Jim Nocera, sophomore, dash man; Bob Oesch, junior, distance runner; Bill Ranee, sophomore, distance runner; Jim Shafer, senior, hurdler; Bob Ward, sophomore, distance runner; Ward Zellers, senior, weight man; Eugene Myers, junior, weightman, and John Volio, sophomore.

Clark Lost To Team
Graduation last June took a number of stars from the Salem team, but the most serious loss came last fall when Bob Clark, pole vaulter, transferred to Culver Military academy for his senior year in school. Cope was counting on Clark, who tied for first in the pole vault in the night relays last year, to be one of the mainstays of his 1940 team.

While prospects for the season are uncertain, Cope is enthusiastic about the squad, especially 29 freshmen athletes who show great promise for future Salem track teams. The freshmen thinclads are working out along with the more experienced athletes and several of them may win places on the team.

In addition to the opening dual meet against Youngstown Rayen, the Quaker athletes are scheduled for two more warmup meets before competing in the 11th annual Salem Night Relays, May 4. After the night relays will come the Columbiana county meet May 10, the district meet May 18 and the state meet May 24 and 25.

The schedule follows:
Friday, April 19—Dual meet with Youngstown Rayen (there).
Friday, April 26—Dual meet with Louisville (there).
Tuesday, April 30—Dual or triangular meet (there); opponents to be selected.
Saturday, May 4—11th annual Salem Night Relays (there).
Friday, May 10—Columbiana county meet (location undecided).

Pace To Be Idle

TORONTO, March 6.—A hand injury suffered in his title fight with Lou Salica, of New York, will keep Cleveland's George Pace idle for several weeks.

Tom Stanley, manager of the bantamweight champion, said the Ohioan had cancelled bouts with Tony Olivera in San Francisco and Pablo Dano in New York.

BOWLING RESULTS

Paced by W. Lynn Ferguson, the Gem Shoe Shine swept three games from the Salem News at the Masonic temple alleys last night to practically sew up the championship of the eight-team National league.

With five matches left to roll before completing their 1939-40 schedule, the Gem kiegles hold a six and one-half game lead over the News, defending champion of the league.

The Gem five made sure of its three wins over the News by hitting 2,948 for a new league three-game record. The score also stands as the highest rolled in any Salem league this season.

Ferguson, who has been burning up the temple alleys with his consistent high-scoring of late, fired a record 681 series in leading the Gem five to its three wins. Ferguson put together games of 224, 202 and 255. Jim Jackson led the News with 236, 192 and 199.

620 series, made on games of 236, 192 and 192.

Grate Recreation and W. L. Strain remained tied for third place as each team won three games. The former made a clean sweep in their match with Art the Jewellers, while Strain's gained three wins on a forfeit by Kelly's Service.

The last-place Moose upset the Masons in two of three games in another National league match.

The leading Sanitary Enamelers dropped two games to the second place DuPont Paints in the Owl league at the Grate Recreation alleys but remained on top despite the set-backs. Martin Tires took two games from Grate Motors and the Trades Class won three games on a forfeit in other Owl matches.

Two matches in the City Duckpin league saw the top-ranking Blue Ribbon Paints sweep three games from Martin Tires and DeRienzo's win two games from the N. B. O. P. Local No. 42.

Tribe May Have Another Bob Feller In Paul Calvert

FORT MYERS, Fla., March 6.—Paul Calvert, a 21-year-old Montreal lad, is the current "another-Feller" hope in the Cleveland Indians training camp.

Calvert, a bespectacled 180-pound right hander has had no professional experience. He was signed on the recommendation of an unofficial scout while pitching semi-pro ball in Montreal.

The rookie became the talk of the camp by his display of blinding speed in batting practice hurling. Coach Johnny Bassler is loud in his praise of the youth and Manager Oscar Vitt has indicated he will give him a thorough test in a Regular-Yanigan game next Sunday.

Calvert follows in the footsteps of Bob Feller, the club's youthful ace, he will have to overcome a jinx that has nipped Bill Zuber, Johnny Humphries and Mike Ney-mick. All were labeled "another Fellers" on their first showings and all failed to come through in big league style.

Oscar Grimes, the Minerva infielder, is due in camp Friday in the company of President Alva Bradley. Grimes underwent an operation in Cleveland last month

ROBERTS UPSET ALTHOUSE FIVE IN LEAGUE TILT

Motors, Demings, Eliminated From Fifth Round Race

Defeats suffered in games at the Memorial building last night practically eliminated the Althouse Motors and Demings from the fifth round race of the Class A Basketball league.

The Motors were handed their second set-back of the round as they fell before Roberts Men's Shop, 50 to 45, while Demings suffered its second fifth round defeat by losing to the National Sanitary, 45 to 27.

Tied For Lead
By reason of its victory, the Sanitary moved into a tie with the Carroll Club for the lead in the fifth round race.

Despite the absence of big Bob Jeffries, ace pivot man, the Sanitary had little trouble with Demings. The Pumpmovers trailed by four points at halftime and fell far behind in the third quarter.

Al Callos paced the scoring as the Sanitary was out in front 7-6 at the end of the first period, 14-10 at the half and 23-14 at the close of the third quarter. Callos flipped seven field goals and four free throws through the hoop for 18 points. Dick Wiggers tallied 14 points for Demings.

Roberts, making a comeback after a poor start in the fifth round race, flashed consistent scoring power to defeat Althouse Motors. Schaeffer, Shears and Everhart led Roberts to the victory with Schaeffer counting 18 points to top the scoring.

Close First Quarter
After a close first quarter, Roberts moved out in front by five points in the second period to lead 26-21 at halftime. The Men's Shop eagles held a four-point lead at the end of the third quarter and protected this advantage in the fourth period.

The Baptists, first half champions of the Class B league, suffered their second defeat of the junior circuit's round robin tournament by losing to Rudibaugh's Sohloans, 35 to 30. Three defeats eliminates a team from the round robin event.

Rudibaugh's gained a five-point lead in the third quarter after the two teams had battled on practically even terms in the first half. Hutcherson, Schaeffer and Miller shared scoring honors for the victorious Sohloans, counting eight points apiece.

APPOINTED PRO
CLEVELAND, March 6.—H. Marion Reid, a native of Lorain, has been appointed professional at the Riverside Golf club, formerly the Berea Country club.

Reid was assistant pro at Lorain Country club in 1927 and later was affiliated with country clubs at Oberlin, Norwalk and Gallon.

He resigned a position in a Cleveland department store to take the Riverside post.

No-Hit Pitching Ace Shows Signs Of Coming Back

TAMPA, Fla., March 6.—This may be one of the saddest stories of the new baseball year.

Tall, lean young Johnny Vander-Meer, the hero of 1938, the bust of 1939, is making definite progress on the comeback trail. It's too early yet to say yes or no but Manager Bill McKechnie of the National league champion Cincinnati Reds thinks he's found what went wrong with Vander's control.

He and Coach Jimmy Wilson, who made slow motion pictures of Vander's pitching last year, discovered after long study that the Dutchman was throwing with his strong left arm alone. His entire body wasn't in. Now he's turning his left foot a little as he winds up and throwing from the hips.

So Johnny, who turned in two consecutive no-hitters two years ago but won only five of 14 games last season, may be on the way. Poor control was his main handicap. He's still got his stuff and his speed, and if he can put the ball where he wants to regularly, 1940 may be another Vander-Meer year.

Unbeaten McKinley Five Gains Victory In Tournament

KENT, March 6.—The East Palestine Bulldogs, lone Columbiana county survivor of Class A sectional basketball competition, were eliminated from the northeastern Ohio district tournament here last night when they lost to Canton McKinley, 58 to 31.

The undefeated McKinley team, a favorite for the state championship, held a commanding lead throughout the game, staving off an East Palestine threat in the third quarter before moving far out in front. Brian McCall tallied 15 points for Palestine, while Ray Hooper led McKinley with 16 points.

CLEVELAND, March 6.—Promoter Bob Brickman said today he had signed Buddy Knox, Dayton heavyweight, for a 10-round bout here March 28 with Harry Cooper, of New York. Cooper decided the Cuban in a close fight in Newark, N. J. in December.

Knox will meet Arne Anderson at St. Paul March 18, his manager, Oscar Menachof, said.

Training Camp Briefs

(By Associated Press)
ST. PETERSBURG, Fla., March 6.—Disgusted by the failure of General Manager Branch Rickey to appear for a scheduled contract conference, slugger Joe Medwick planned to leave the St. Louis Cardinals' training camp today and fly back to St. Louis. Rickey was scheduled to meet Medwick yesterday, but won't arrive until Friday.

"I've done my part," declared Joe, who wants more than the \$18,000 offered him. "I was here on the appointed date and he wasn't. The next move will be up to the management."

DIMAGGIO SIGNS
ST. PETERSBURG, Fla.—Joe DiMaggio, who ended his annual hold-out yesterday and agreed to accept about \$30,000 for his season's labors, expects to get into the New York Yankees' first exhibition game Friday. Joe said he would leave San Francisco on an early train today and would be ready to play when he reached camp.

ALLEN DEMANDS MAJOR CHANGES IN CAGE RULES

Veteran Coach Favors Increasing Height of Hoops Two Feet

BY BILL WHITE
NEW YORK, March 6.—Dr. F. C. (Phog) Allen of Kansas university could hardly be called a "voice in the wilderness," yet the chairman of the national basketball research committee seems to be a lone and forlorn figure as he demands a drastic revision in basketball rules.

The coaches' consensus, garnered in a nation-wide poll, seemed to be to let the rules alone until the Kansas coach reported.

All Allen wants to do is increase the height of the basket two feet, create a 16-foot "don't-shoot-in-free safety" around the basket, restore the center jump, decrease the size of the ball, increase the size of the court and add two players to each team.

Faces Cold Reception
If the studious doctor who has made the name Kansas synonymous with good basketball suggests all those changes to the national rules committee, he is liable to get a cold shoulder from the remainder of the coaching fraternity.

Or in the words of Coach Mike Brumlow of Texas Christian, whose teams have finished last in the Southwest conference the last five years, "Leave the rules alone—I can't think of any changes that would help us."

Allen does not stand absolutely alone in his amazing plan to partition off part of the court. Ken Loeffler of Yale would mark off a semi-circle with a 14-foot diameter under the baskets. No player would be permitted to enter this "no man's land" until the ball had touched the hoop or the bankboards, and then only for about three seconds.

Satisfied With Rules
A questionnaire sent to coaches in all the states, including Ohio, Indiana, Illinois, Wisconsin, Minnesota, Michigan, Kentucky, West Virginia and Pennsylvania, shows that the coaches are well satisfied with the rules as they stand. We feel we have a game full of spectator interest, and we want to keep it that way."

There were some minor suggestions that may be incorporated into new rules. Hank Crisp of Alabama and Dutch Lonberg of Northwestern think the game should be played on Stanfield Hitt of Mississippi State believes the out-of-bounds line should be four feet back of the basket, instead of two. Nibs Price of California and Everett Deane of Stanford find fault with the rule which permits a fouled player to refuse the free throw and take the ball out of bounds. George Edwards of Missouri would increase the size of the hoops.

Original Names
LAKELAND, Fla.—At least Detroit's Tigers can dig up more original names than the usual "Regulars" and "Yanigans" for their teams in intra-camp games. Today, it's the "White Rats," with Bill Fleming and Hal Manders pitching, against the "Black Cats," with Freddie Hutchinson and Tom Seats on the hill.

Parker Seeks Berth
SAN BERNARDINO, Calif.—Ace Parker, the Brooklyn pro football star who is here for a tryout with the Pittsburgh Pirates, is the center of considerable training camp interest. Parker, who once belonged to the Athletics, is here on trial from the Portsmouth (Vt.) club. He says he is out to make good as an infielder, but he has plenty of opposition.

ILLINOIS STAR SETS NEW MARK

Sets Single Game High Of 34 Points Made In Mid-Season

CHICAGO, March 6.—Bill Hapac has played his last game of college basketball, but the Illinois star left one Big Ten record for the boys to shoot at.

Hapac failed by 21 points to break Jewell Youngson's scoring record of 184 points, but he did pour 34 points through the hoop against Minnesota in mid-season to set a new single game record.

Based on his performance in 11 games, Hapac, had he not been sick in the season's opener would have finished the season with 179 points. He averaged one point under 15 tallies a game, getting 60 field goals and 44 free throws. This gave him the top scoring spot by 23 points.

Klein Second
Dick Klein, Northwestern's rugged sophomore star, was second with 141 points, two points ahead of Gene Englund of Wisconsin.

The only team without representation in the first 10 was Ohio State, whose top scorer, Gil Mickelson, was nose'd out in the final game when he was held to a single point by Indiana.

COLUMBUS, March 6.—Governor John W. Bricker has proclaimed April 5 as Arbor day.

PATROL KEEPING
U. S. NAVY BUSY

Sea Duty More Rigorous
Than At Any Time
Since Big War

(Continued from Page 1)

Officers on patrol are apparently unanimous in asserting that there never would be an "Altmark incident," off the American coast. They expressed surprise that the Norwegian gunboat escorting the German Altmark did not fire a shot across the bow to stop the pursuing British destroyer—despite the superiority in arms of the destroyer.

Wouldn't Hesitate
"We did that once during the World War up near the coast of Maine," one of them commented. "An American warship, no matter how small, would never hesitate about doing it within the three-mile limit."

Actually every type of naval vessel is participating in the patrol, although official announcements early in the war were concerned only with destroyers. The President then announced 40 World War type destroyers tied up in San Diego and Philadelphia would be commissioned for service in the patrol. About 20 destroyers of this type already were with the Atlantic squadron.

Indicating how thorough a job the government is doing, the cruiser Tuscaloosa, which later carried the President to Panama, was Johnny-on-the-spot when the German liner Columbus was scuttled. The Tuscaloosa now is removed from the patrol, but other cruisers and submarines, including the new 310-foot Seadragon, are serving.

The newest and most up-to-date cruiser, the Helena, returned here last Saturday from a shakedown cruise to Argentina. Although not officially participating in the patrol, its two-month cruise helped in keeping the watch on the high seas and was more secretive than those voyages usually are.

VOTE ON POOL
TO BE DEFERRED

Issue To Be Brought Up
For Decision In
November

(Continued from Page 1)

\$800; reinforcing steel, \$3,110; architect's fee of two per cent, \$1,473; approximate sewers, drains and water supply, \$3,000.

Based on the engineer's estimates, the city would have to vote on a \$35,000 bond issue to raise its share of the cost of a pool, council indicated last night.

The council called a recess in the meeting while they scanned the engineer's report and plans of the proposed outdoor pool at Centennial park. The plans are now on file at the engineer's office in city hall.

City Solicitor Henry L. Reese received a verbal ruling from the state tax commission yesterday, which he passed on to council last night, pointing out that the city could sponsor a bond issue vote at the May primary election but that the taxing body would approve only emergency levies for presentation at a primary election.

Therefore, the solicitor explained, the city would be restricted in its proposed levy for park maintenance purposes in that the levy, at a primary, would be limited to 2 of a mill, and two-years.

Because, they said, there has been so much agitation for a pool, Mayor Phillips and Edgar C. Sheen, Jr., president of the park commission, urged council to put the issue up for a vote in May.

Walter Deming, head of a citizens committee investigating the prospects of a swimming pool for Salem, told council last night that he, and several others, believed the indoor pool merited some consideration.

He pointed out that an indoor pool could be used the whole year around and that Supt. of Schools E. S. Kerr had indicated that the school board would be able to assist financially in the maintenance of one indoors.

Unfinished Hangar
Destroyed In Fire

NEW YORK, March 6.—Scores of witnesses were questioned today by fire officials seeking the cause of a roaring fire that swept an unfinished \$1,250,000 hangar at LaGuardia field, New York's \$40,000,000 airport.

The fire, causing part of the roof to collapse and steel girders to buckle, started in a painter's shack within the hangar late yesterday afternoon. A dozen firemen and workmen narrowly missed death when the roof caved in.

Damage estimates ranged from \$250,000 to \$1,000,000.

Rules That Police
Records Are Open
For Public's Use

NEWARK, March 6.—A court entry acknowledging police arrests, holdup and robbery reports are public records, permitted Newark Advocate reporters today to obtain police headquarters news after a week's censorship.

City Solicitor Charles Holtzberry and the Advocate's counsel agreed to the entry in common pleas court after the newspaper brought a mandamus suit against Mayor Glenn Wright and Police Chief Gail Christman to permit inspection of the police "blotter."

Mayor Wright sanctioned a news censorship started at the police station Feb. 26. A former police officer, he contended police cases were not public records until they had been disposed of finally. Chief Christman said there had been misunderstanding.

The Advocate has been critical of Mayor Wright's administrative policies. He took office Jan. 1, the first Republican elected in recent years.
